Practice Information Sheet

Emergencies

If there is a life-threatening emergency – even if you are not certain – always call 000.

Opening Hours

Monday to Wednesday - 8am to 10pm

Thursday & Friday – 8am to 5pm

Saturday – 9am to 3pm (Sundays & Public Holidays – CLOSED)

After Hours Care

Your Medical care is available on a 24-hour basis covered by the Home Doctor Services. If you require medical attention outside our opening hours, please telephone Australian After - Hours Doctors 1300HOMEDR (1300 466 337) or National Home Doctor Service 13SICK (137425) and you will be advised of current arrangements. If on occasion you are seen by a Doctor from Home Doctor Services, a full written report will be faxed to us for inclusion in your records, the next day. We team with Home Doctor Services to ensure our patients have quality medical care available 24 hours a day, 365 days a year.

Saturday after 12 and Weekdays after 8pm – Standard consults \$50/Long consults \$100 (CASH or EFTPOS)

Telephone Calls

Your doctor may be contacted during normal opening hours. Doctors who are busy consulting will return your calls as soon as practical/as soon as they are able. You can also speak to our Registered Nurse. Your call will always be put through to the Doctor in an emergency.

Electronic Communication

Electronic communication is available through info@mansfieldfamilypractice.com.au during business hours. Emails will be forwarded to the appropriate doctor or staff member and a response will be given in a timely manner. Email should not be used for booking or cancelling appointments. Please note that patient health information or health advices will not be given via email.

Test Results

Where blood tests or other investigations have been ordered, you will generally need to make a follow-up appointment to discuss the results. If the doctor is concerned about your results, the reception will contact you via SMS/Call to make an appointment. To ensure confidentiality, test results will not be given over the phone.

Home Visits

Doctors may perform home visits when appropriate, and if time allows. However, they are generally restricted to those who are a regular patient of our Doctors and are too frail or ill to get to the surgery. We have better facilities to accurately diagnose and treat you at the practice than are possible at home.

Medical Certificates

These are available for genuine illnesses and only if you attend the surgery for a consultation. It is illegal to do otherwise, or to provide a retrospective or post-dated certificate.

Repeat Prescriptions

Most scripts are written by the doctor to provide sufficient medication until your condition needs to be reviewed; repeat scripts are therefore generally only provided at a consultation (and not over the phone)

Reminder System

Our practice is committed to preventative care. Your doctor will seek your permission to be included in our reminder system. We may issue you with a reminder notice from time to time offering you preventative health services appropriate to your care. If you do not wish to be part of this system, please alert your doctor or reception.

Specialist Referrals

Your doctor is highly trained to deal with most medical problems but may need occasionally to refer you to a specialist. To receive a Medicare rebate for a specialist visit, you need a referral, and will need to see your doctor first. Referrals cannot be back dated. The specialist is providing consultant advice to your GP, so it is important that you discuss the specialist's opinion and advice with the doctor who referred you, following your visit with the specialist.

Patient Consent and Privacy Policy

This general practice collects information from you for the primary purpose of providing quality health care. We require you to provide us with your personal details and a full medical history so that we may properly assess, diagnose and treat illnesses and medical conditions, ensuring we are proactive in your health care. To enable ongoing care, and in keeping with the Privacy Act 1988 and Australian Privacy Principles, we wish to provide you with sufficient information on how your personal information may be used or disclosed and record your consent or restrictions to this consent. Your personal information will only be used for the purposes for which it was collected or as otherwise permitted by law, and we respect your right to determine how your information is used or disclosed. Please ask the reception if you would like a copy of our Privacy Policy.

Suggestions and Complaints

Your feedback is important to our Practice! Mansfield Family Practice aims to serve you the best way we can. We welcome your suggestions on how we can improve. We take your concerns, suggestions and complaints seriously. Please feel free to talk to your Doctor or use our suggestion box located in the waiting area or ask to speak to our Practice Manager or send an e-mail to onalin@mansfieldfamilypractice.com.au. If your complaint was unresolved, please contact the Health Rights Commissioner, GPO Box 3089, Brisbane, QLD, 4001.

Our Acknowledgement

We acknowledge the traditional owners of country throughout Australia and recognise their continuing connection to land, waters and culture. We pay our respects to their Elders past, present, and emerging.

Our Doctors

Dr Chaminda Wijewardhana - MBBS, FRACGP

She graduated in 1999 and became the first doctor at our practice since December 2011 and interested in all aspects of Family health and General practice. Doctor Chaminda specialises in Cardiology, Men's, Women's and children's health, Diabetes management, Skin examinations, treatments and is qualified to insert and remove Implanon implants.

Dr Thushara Pussella - MBBS, FRACGP

She Graduated 20 years ago having 13 years general practice experience in Queensland. Family medicine, Women's & Men's health, Mental health are her special interests. Doctor Thushara is also interested in, and qualified to attend to, all aspects of skin examinations, lesion removals and follow up care. She is qualified to provide Mirena and Implanon insertions and removals.

Dr Udeni Rajapaksha - MBBS, FRACGP

Dr. Udeni also graduated in 1999 and she joined us in 2012. She is especially interested in Women's, Men's health, Child health and immunisations, family planning and is qualified to insert Implanon implants

Dr Sisira Gunaratne - MBBS, FRACGP

He Graduated from Medical Faculty in Sri Lanka in 1999 together with all three above female GPs in the same batch. Having 18 years of GP experiences both in Sri Lanka and Australia, especially in Queensland. He is interested in Men's health, Family medicine & emergency medicine.

Dr Akila Samarakody – MBBS, FRACGP

He Graduated 18 years ago and gained 12 years' experience in Australia, Tasmania & QLD. He is interested in all aspects of general practice.

All five doctors have studied in the same medical school as very good friends & a strong team. That's our biggest strength. They attend seminars and training to ensure they provide up-to-date advice needed to maintain and improve your family's health and wellbeing. They can refer you to allied health services / specialists if needed.
